

Kinneloa Irrigation District

District Goals and Objectives

Adopted 1 /18/22

1. Complete the preparation of a detailed Emergency Response Plan (ERP) for the KID.
2. Complete the documentation of operating, maintenance, and reporting procedures.
3. Complete the preparation of a new master plan/capital facility improvement plan that addresses needed upgrades and rehabilitation, reduces potential water supply and delivery risks, and reflects current and upcoming regulations.
4. Successfully complete construction of the KID's two major pipeline projects.
5. Establish a hierarchy for delegation of authority and a foolproof means to contact a member of KID staff at all times.
