# General Manager's Report

## January 18, 2011

### I. Capital Improvement, Preventative Maintenance and Repair Projects

- A. Facility and System Repairs and Maintenance –
1. 12 feet of 6" PVC main was replaced due to crack probably caused by improper backfill containing rocks.
  2. Glen booster is out of the system for a major overhaul. All electrical leads to the motor were replaced at the site and a damaged junction box was replaced and relocated to prevent further damage.
  3. A leak in the 6" A/C main in the alley parallel to Edgecliff Lane was repaired with a stainless steel sleeve. The leak was caused by an oak tree root. A nearby service line is also imperiled by this tree. A permanent solution will need to be determined in the near future.
- B. SMV/Windover Pipeline – We will solicit bids later this month and have tentatively scheduled a bid opening in February and subsequent recommendation to the Board for approval of the selected bid.
- C. Doyme Road Tract – Project is on hold due to developer's issues.
- D. SCADA – We purchased 5 spare radios because the model that we use throughout the system is being discontinued and repair service may not be available if we have a failure. The alternative would have been to replace all 14 radios with the new model and incur the additional cost of programming them for our system. The current radios have been very reliable.

### II. Customer Service and Office Operations

#### Delinquent Accounts –

- 15 accounts received termination letter
  - 1 account received door hanger shut off notice
  - 1 account was shut off for non-payment
  - 2 accounts remain off for non-payment
1. Kinneloa Canyon Road – Customer requested assistance in locating a possible leak and to be shown the location of shut off valves to isolate the leak.
  2. Villa Highlands – Customer report a leak in the neighbor's sprinkler system. We investigated and found the possible location and left a door hanger after trying to reach the neighbor by telephone.
  3. Dove Court – Customer noticed a large amount of water coming out of neighbor's driveway. Although nobody was at home, I investigated and determined that a hose was being used to siphon water out the swimming pool. The house was vacant so I took no further action and returned home to the family Christmas dinner.
  4. Pasadena Glen – Minor service leak caused by tree root was repaired.

### III. General Manager's Highlights

- A. Year-end Accounting – I reviewed the income statement, balance sheet and general ledger to validate totals, explore variances to budget and then I corrected a few posting errors. I reconciled the A/R and A/P report totals with the balance sheet as well as reconciled all bank accounts as I do every month.
- B. ACWA – I attended the Region 8 board meeting where we worked on the plan for 2011 meetings and events.
- C. CSDA – I attended the Fiscal Committee Meeting where we reviewed the year-end financials and the 2011 budget.
